

Virginia Tesi

An Allied member of ASID NY & NJ, Virginia graduated from Fashion Institute of Technology and has worked in the interior design and fashion industries for over 20 years. Virginia Tesi Interior Design, Inc. offers consultation services as well as full-service interior design.

Virginia's goal is to make a space functional as well as beautiful; she believes that one of the most important qualities an interior designer must possess is the ability to listen to the client and then create the space based on the client's wants and needs. She recognizes the importance of follow up service and has created strong relationships which have led to a strong client base through referrals.

Virginia's love of art history and fine arts has sent her traveling abroad on several occasions to art, design and architecture, of different cultures and periods.
